1. I would like to take this opportunity to thank you for the support which you have rendered to the US Army School, Europe, during the past three years.

2. This support has been in the form of highly specialized presentations to students of our Intelligence Department. The instruction which you offered required a highly qualified person if it was to be a real and living part of our courses. I have heard many favorable comments both from our staff and from the students in courses IOE-4, IOE-19 and IOE-69 concerning your presentations. All have benefited greatly from the knowledge which you have imparted.

3. You are to be commended for the enthusiasm with which you accepted the responsibilities of an instructor. You were unsparing in both time and energy to see that your presentations were thorough and interesting. Your presence on our Post has been a pleasure and a privilege for us all.

4. Again, may I thank you for your instructional support and offer my best wishes for continued success in your career.
